Lodging & Dining

# Welcome to the Montague Inn

*A gracious Georgian mansion with seventeen elegant guest rooms ready to provide you with a serene retreat from your stressful world and a home away from home.*

*Every season offers its magic to our visitors. The grounds are magnificent when swathed in sparkling snow. You may bundle up in scarves and boots and tramp down to the waterfront to absorb the magic and watch seagulls swoop and glide over the icy river. In spring and summer, the flower gardens are alluring and you may request a picnic lunch from our kitchen to share with the squirrels and birds at the water's edge. In autumn, the river flames in the reflections of the changing trees.*

*Open year round, pick a season to enjoy the magical atmosphere of the Montague Inn.*
